

Footloose Production Fund Guidelines

Program Overview

The Footloose Production Fund Guidelines provides production funding to secure high profile, market driven, local, national and international footloose, scripted screen productions to Western Australia to showcase local stories, locations and/or culture to an international audience and to assist in the development of the Western Australian screen sector.

Funding Available

- Up to a maximum of \$400,000 to Producers where there are strong Western Australian profile, cultural and local industry development outcomes.
- Total funding per project is calculated by a combination of **Base Funding** plus a number of **Funding Incentives**.

Please refer to the section [Funding Request](#) for further details on calculating your funding request.

Screenwest funding under this scheme is provided as a grant.

- The level of Screenwest's funding commitment will be determined by the assessment process and total demand on available funds.
- All applications are assessed competitively. Funds are limited and demand on Screenwest's resources far outweighs its ability to assist all applicants. Funding is not automatic even if an applicant meets all the criteria.

Projects are eligible for WA Regional Film Funds (WARFF) in addition to Footloose Production funding.

Producers and/or production companies can access:

- Up to a maximum of \$1.2million per financial year from Screenwest Footloose Production funding; and
- A maximum of \$1.2million per financial year across *all* Screenwest Production funding programs (including Scripted, Footloose, Documentary and On Demand Content funding)

Funding offers are valid for the set period (generally three (3) months) outlined in the funding Letter of Offer, after which the funding offer will expire if conditions are not met, unless otherwise agreed upon by Screenwest.

Eligibility

Format and Marketplace:

Projects must be one of the following formats to be eligible for funding:

- Feature film; or
- Scripted series, mini-series, telemovie, animation series or children's series for traditional television broadcast or online platform.

Projects are required to have confirmed marketplace attachment from a recognised distributor or exhibition platform for one or more of the following:

- Theatrical release;
- Television broadcast on free to air or pay/cable television; or
- Online release (with significant audience share).

Applicants must also present a distribution plan for Australian domestic and Rest of World (ROW) sales.

Western Australian Elements

Screenwest’s purpose is to “bring Western Australian stories and identity to screen for the benefit of the community”.

To qualify as an eligible Footloose production, projects are required to reach a minimum of 6 points in the below Western Australian Elements Points Table:

Ref	Position	Maximum points
A	WA Producer attached. <ul style="list-style-type: none"> • 2 points allocated if there is a WA producer in a genuine co-production, receiving a fill Producer credit. • 1 point allocated to projects with a WA Producer receiving Executive, Associate or Co-Producing credits. 	2
B	Authorship (original concept, book, play created by a Western Australian)	2
C	Identifiable, major Western Australian location/setting or character (identifiable to the national audience)	2
D	Writer	2
E	Director	2
F	Director of Photography	1
G	WA Line Producer OR Production Manager	1
H	1st AD	1
I	Production Designer	1
J	Editor	1
K	Composer	1
L	Sound Design	1
M	Flexible Points*	2

Please note the following clarifications for the above point allocations:

- To qualify as Western Australian for points allocation, practitioners must meet the definition of a WA resident outlined in the [Screenwest Terms of Trade](#).
- The maximum number of points that can be attributed to a position is the number stated in the above table. For example, a project that has two WA producers attached will receive a maximum of two (2) points.
- Individuals are able to receive points in multiple categories.
- For D & E – so long as 50% or more of those receiving these full credits are WA residents, the project is eligible to receive full points in each respective category.
- *Flexible Points (M) – these are floating points that can be attributed to a variety of outcomes that align with Screenwest Strategic Plan, and that haven't been accounted for in other areas of the points table. For example – Diversity, significant ex-pat/s attached, high profile West Australian cast member, the project provides a significant VFX or innovative opportunity. It will be up to the producer to make the case for these points.

Please note that although the number of points determines eligibility, it is not the sole criteria for assessment.

Funding Request

1. Base funding

- Base Funding is calculated on 10% of the Qualifying Western Australian Expenditure (QWAE) of a project, up to \$250,000.

2. Funding Incentives

- Funding Incentives represent additional equity provided on top of the Screenwest Base Funding. The incentives available total \$150,000.

Funding Incentive	Potential Equity	Criteria
WA Producer	Up to \$50,000	<p>If the project has a Western Australian Producer attached (receiving a full producing credit) the production is eligible for \$50 000.</p> <p>Western Australian producer attachments must have been developing their career for a significant time (3+years) and at a minimum received credits on short films or the equivalent.</p>
Key WA Heads of Department	Up to \$100,000	<p>This Incentive covers the following roles only:</p> <ul style="list-style-type: none"> • Line Producer • Production Manager • 1st AD • Production Designer • Costume Designer • Director of Photography • Unit Manager • Production Accountant <p>To be eligible for the full \$100 000, 5 of the above positions must be filled by Western Australians (i.e. there is \$20 000 allocated per position, up to a maximum of \$100 000).</p>

Assessment

Assessment Criteria

1. Track record of the applicant(s) and key creatives.
2. Cultural, creative and profile benefits of the project to Western Australia (as highlighted in the above points table).

3. Economic benefits including the amount of Qualifying Western Australian Expenditure (QWAE) and the employment of key Western Australian crew.
4. Strength of the market attachments.
5. Quality and rigour of the supporting materials.
6. Overall diversity of projects (i.e. Scripted vs Factual) and production funded by Screenwest.
7. Availability of Screenwest funds.
8. How the project aligns with the relevant strategic initiatives as set out in the Screenwest Strategic Plan.

Indigenous Content and Participation

Where there is Indigenous content or participation in any project, Screenwest requires that each applicant complies with protocols related to the treatment of Indigenous Cultural and Intellectual Property Rights (ICIP). For more information on ICIP, please refer to the Arts Law Centre of Australia.

Written confirmation of the willingness of both the subject(s) and the community to be involved in the project is essential.

There must be strong indigenous representation on all projects that tell indigenous stories, through the involvement of an indigenous key creative or through thorough consultation and collaboration that is adequately budgeted for.

Please ensure you allow sufficient time for consultation so that people giving consent can more fully understand what they are consenting to.

Please note, these requirements apply equally to Indigenous and non-Indigenous filmmakers.

For information on what Content, Consent and Consultation means, please refer to the Screenwest website for more information on [Filming with Indigenous People, Content and Land](#).

For more detailed information on Indigenous Content and Participation protocols, please refer to [Screen Australia's Pathways & Protocols: a filmmaker's guide to working with Indigenous people, culture and concepts](#).

Additional Considerations

- Screenwest will take into consideration whether the applicant has a number of concurrent outstanding projects in development or production that may impact on the quality and timely delivery of further projects as part of its assessment of the application.
- Screenwest seeks to reflect the diversity of Western Australia’s community on screen and behind the camera, through projects funded and practitioners supported. The funding panel will take into consideration diversity elements of a submission during the assessment process.
- Screenwest will not fund projects that contain material that will bring, or is likely to bring Screenwest and its funding partners into public disrepute, contempt, scandal, or ridicule, or which might tend to reflect unfavourably on Screenwest or its funding partners.

Assessment Process

1. Screenwest Management prepares the applications for assessment.
2. An assessment panel, including experienced industry practitioners and Screenwest Management, makes funding recommendations to the Screenwest Board.
3. The assessment timeline is approximately 6 – 8 weeks from application deadline to board decision.
4. Final decisions are made by the Board of Directors of Screenwest.
