

Scripted Project Development Fund Guidelines

The Screenwest Scripted Project Development Fund provides development investment funding to Western Australian writers and/or producers creating long-form scripted content, for all screen-based delivery platforms (excluding online).

This fund aims to accelerate quality, distinctive projects with existing well-developed pitch documents, episode outlines, pilot episodes, series bibles, treatments and/or draft screenplays and which can demonstrate a strong pathway to audience and/or attract further investment.

Screenwest encourages applications from First Nations Australians and people from historically under-represented groups.
